Educational Pathways

**Q: WHAT IS THE
FUTURE CAREER
DEVELOPMENT OF
JTS STUDENTS?**

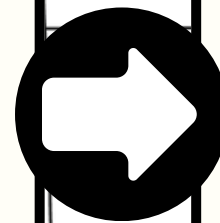

A: The graduation certificate obtained by our graduating students is internationally recognized. After graduation, students have the option to **continue their education directly within our institution or choose to **pursue studies at prestigious universities around the world**, including Taiwan, the United States, the United Kingdom, Australia, Indonesia, and other countries.**

Language Learning

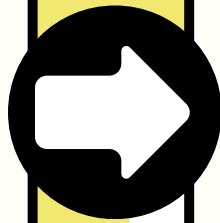

Q: WHAT IS THE LEARNING APPROACH FOR STUDYING TRADITIONAL CHINESE IN INDONESIA? HOW WOULD STUDENTS' CHINESE PROFICIENCY DEVELOP IN THIS CONTEXT?

A: Our school's students begin exposure to ●●● Mandarin Phonetic Symbols (Zhuyin Fuhao) and Pinyin from kindergarten. Upon entering elementary school, in addition to learning Traditional Chinese in Chinese classes, they are taught subjects such as Mathematics, Life Skills, Information Technology, Social Studies, and Natural Sciences in Traditional Chinese. This comprehensive approach allows students to progressively enhance their Chinese language proficiency. Most of our elementary school graduates achieve a foundation level in the Mandarin Proficiency Test, equivalent to fluent oral communication with native Chinese speakers.

Academic System

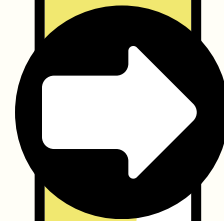

Q: WHAT ARE THE DIFFERENCES BETWEEN THE ACADEMIC SYSTEM AT JTS AND LOCAL SCHOOLS OR OTHER INTERNATIONAL SCHOOLS? AT WHAT GRADE LEVEL DOES OUR GRADE 8 ALIGN WHEN TRANSFERRING TO OTHER SCHOOLS?

The elementary school phase consists of 6 years, the junior high school phase includes 3 years, and the high school phase spans 3 years as well. Each academic year is divided into two semesters, with the first semester running from August 1st to January 31st of the following year, and the second semester from February 1st to July 31st. For our Grade 8 students transferring to other schools, it is equivalent to entering the second year of junior high school.

Curriculum

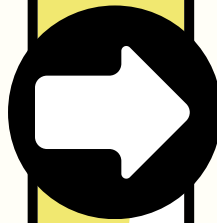

**Q:WHAT ARE THE
DISTINCTIVE FEATURES OF
JTS'S TEACHING CONTENT
COMPARED TO OTHER
